MIRA-SKIN HYALURON SERUM

REVITALIZING DEEP
MOISTURIZING TREATMENT

Unique combination of ingredients:

Purest form of short-chain hyaluronic acid – enriched with nine valuable nutrients for healthy skin.

Hydrates your skin to smooth out wrinkles at the surface and tone up your skin from deep within.

MIRA-SKIN HYALURON SERUM

Revitalizing deep moisturizing treatment

A unique combination of high-quality, short-chain hyaluronic acid, which promotes regeneration and supplies your skin with valuable nutrients and antioxidants for ultimate hydration.

Better hydration. Less wrinkles.

PURE, NATURAL HYALURON

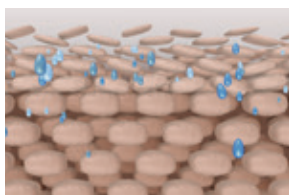

Hyaluron in its purest form:

0% chemical preservatives
0% dyes
0% parabens
0% silicones
0% mineral oils
0% animal products

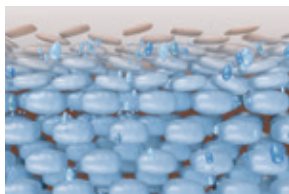

Mira-Skin Hyaluronic Serum is not tested on animals.

THE ULTIMATE MOISTURE BOOSTER

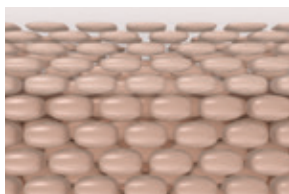

Hyaluronic acid is an incredibly hydrating ingredient that holds up to 1,000x its weight in water. Mira-Skin Hyaluronic Serum is a short chain hyaluronic acid that penetrates deep into the skin and moisturizes for long-term skin repair and regeneration. Many products contain long-chain hyaluronic acid, which only have a short-term effect and leave a film of moisture on the surface of your skin.

Phase 1:
Short-chain hyaluronic acid particles are absorbed deep into the skin

Phase 2:
Hyaluronic acid particles fill in the areas of lines and wrinkles in your face

Phase 3:
Has a firming and lifting effect

The short chain Mira-Skin Hyaluronic Gel particles have a long-term anti-aging effect and are particularly good at boosting skin's collagen production, which helps diminish wrinkles as well as scarring.

Mira-Skin Hyaluronic Gel is manufactured in Germany under the strictest quality control.

Deep moisturizer
for all skin types

Available in 15 ml and
50 ml glass bottle

DEEP HYDRATION – PROTECT AND REVITALIZE YOUR SKIN

- Provides continuous moisture
- Reduces the appearance of fine lines and wrinkles
- Improves elasticity
- Gives fullness & restores youthful contours, for younger and smoother skin

MIRA-SKIN CONTAINS 9 REVITALIZING VITAMINS & ANTIOXIDANTS

1. **Collagen** (Hydrolyzed Collagen) – improves skin toning and supports its regeneration.
2. **Microcrystalline silver** – has antibacterial properties for soothing and anti-inflammatory results.
3. **MSM** (Methyl-Sulfonic-Methane) – is a natural sulfur substance, which plays an important role in building healthy skin, hair, nail cells.
4. **Vitamin E** – is a powerful antioxidant that decreases skin roughness, facial lines and wrinkles.
5. **Omega 3** – helps keep your skin hydrated and prevents it from drying and flaking.
6. **Vitamin A** – repairs skin damage due to sunburn and natural aging.
7. **CoQ10 (aka. ubiquinone)** – plays an important role in making your skin look younger by creating collagen and elastin for firmer skin.
8. **Frankincense** – intensifies skin regeneration and reduces skin irritations. It also has a soothing effect on overly dry and flaking skin.
9. **Alpha hydroxy acid (AHAs)** – exfoliates and increases blood flow to the skin, to help to minimize fine lines and wrinkles.
